Purpose

To ensure that primary and secondary consumers, as customers of Mid-State Health Network (MSHN), receive timely, accurate, understandable, and culturally competent services.

Policy

MSHN delegates the responsibility for Customer/Consumer Services to its Community Mental Health Services Program (CMHSP) Participants and Substance Use Disorder (SUD) Provider Network. The CMHSP Participants/SUD Provider Network shall convey an atmosphere that is welcoming, helpful and informative for its customers.

MSHN Standards of Customer/Consumer Service ensure that CMHSP Participants/SUD Provider Network shall:

- A. Welcome customers and orient individuals to the services and benefits that are available, including providing Provider Directory Listings. This listing shall identify the provider name, as well as any group affiliation, locations, telephone numbers, web site URL (as appropriate), specialty (as appropriate), the provider's cultural capability, any non-English languages spoken, if the provider's office /facility has accommodations for people with physical disabilities, and whether they are accepting new beneficiaries. This includes any restrictions on the beneficiary's freedom of choice among network providers. The listing will be available in the format that is preferable to the beneficiary and must be kept current and offered to each beneficiary annually. If providing the information electronically, customers must be informed that the information is available in paper form without charge and provided within 5 business days upon request;
- B. Ensure materials are written at the 4th grade reading level when possible (i.e., in some situations it is necessary to include medications, diagnosis and conditions that do not meet the 4th grade level criteria);
- C. Provide information about how to access benefits, including authorization requirements, for mental health, primary healthcare, substance use disorder treatment and prevention, and other community-based services;
- D. Provide information on available treatment options and alternatives. Provide information on the amount, duration and scope of benefits available under the contract in sufficient detail to ensure beneficiaries understand the benefits to which they are entitled;
- E. Provide information on cost-sharing as appropriate;

- F. Provide information on how to access the various recipient rights processes;
- G. Assist customers with problems and inquiries regarding benefits;
- H. Assist customers with the local complaint and grievance processes;
- I. Provide information on fair hearings including expected timelines;
- J. Provide the rules for emergency and post-stabilization services;
- K. Provide information on quality and performance indicators and enrollee satisfaction;
- L. Track and report patterns of potential problem areas for the organization;
- M. Ensure all materials will be available in the languages appropriate to the people served within the PIHP's area for specific Non-English Language that is spoken as the primary language by more than 5% of the population in the PIHPs region. Such materials will be available in any language alternative to English as required by the Limited English Proficiency Policy Guidance (Executive Order 13166 of August 11, 2002 Federal Register Vol. 65);
- N. Ensure that beneficiaries are notified that oral interpretation is available for any language and written information is available in prevalent languages and how to access those services. All written materials for potential enrollees must include taglines explaining the availability of written translations or oral interpretation along with the toll-free telephone number of the entity providing services as required by 42 CFR 438.71(a). For persons with visual impairment, oral interpretation services will be provided free-of-charge to potential and existing customers in the service area;
- O. Ensure materials are available in alternative formats in accordance with the Americans Disability Act (ADA) and provide information on how to access information in the appropriate language format. Beneficiaries may access materials in a font size with a minimum font of 12pt and in large print in a font size no smaller than 18 point;
- P. Provide required information at the time of admission and at least annually thereafter. The PIHP must give each individual written notice of any significant change in the information specified in 42 CFR 438.10(f)(6) at least 30 days before the intended effective date of the change;
- Q. Make a good faith effort to give written notice of termination of a contracted provider, within 15 days after receipt or issuance of the termination notice, to each beneficiary who received his or her primary care from, or was seen on a regular basis by, the terminated provider;
- R. Annually (e.g., at the time of person-centered planning) provide to the beneficiary the estimated annual cost of each covered support and service he/she is receiving; and
- S. Provide an Explanation of Benefits (EOBs) to 5% of the consumers receiving services. The EOB distribution must comply with the State and Federal regulations regarding release of information as directed by MDHHS.
