**✓ KEY DECISIONS**

- SoM is sending Medicaid Redetermination lists and names to MSHN on a month-to-month basis, consisting of those for whom they cannot auto-determine re-eligibility.
- EQI files were submitted 5/2 to CMHs. There are no requirements to send anything back. Some CMHs have run their own validity but have not heard from their finance departments.

	<ul style="list-style-type: none"> <li>• SUD directors had been discussing whether 5515 meets 42CFR part 2 standards, hence the inquiry and request for input.</li> <li>• CEI's IT policies and procedures were received and handled by Sandy and Amy.</li> <li>• CIO Forum notes are uploaded to BOX. Concerns on feedback/assessments for a State-contracted vendor system that no one has yet to see, are ongoing, as mentioned in last meeting.</li> <li>• Concerns over the lack of length and depth of the CIO forum were raised.</li> <li>• There is confusion over Milliman's 5/5 YTD Savings Estimate document, revenue numbers and recent rate adjustment as to which CMHs, if any, are facing a shortfall. TRD informed the council that updated revenue numbers from Milliman show that most of our CMHs are not operating in the red.</li> <li>• CCBHC – CEI reports that the mild to moderate measures did not include their non-CCBHC cites.</li> </ul>
✓ ACTION/INPUT REQUIRED	<ul style="list-style-type: none"> <li>• MSHN will send out medical redetermination file list.</li> <li>• Steve will send 5515/42CFRpt2 feedback before 5/18</li> <li>• CEI, LW, and any other CMHs will send examples of claims rejected post-PHE to Steve for examination by PCE. <ul style="list-style-type: none"> <li>○ Steve will send those examples on to Dmitriy.</li> </ul> </li> <li>• Error reports for TEDS/Encounter submissions will be assessed next week.</li> <li>• Steve will check with Leslie what MSHN is seeing with Milliman's most recent YTD savings estimate document.</li> </ul>
