✓ **KEY DECISIONS**

- ✓ Welcome & Introductions
- ✓ The RCAC meeting snapshot from April 9, 2021 was approved.
  - Follow-up agenda items: None
- ✓ The current agenda was approved.
- ✓ Katy Hammock (MSHN) presented an opportunity available to the region to host a panel on the HCBS Final Rule. The panel consists of individuals who have been trained in the HCBS Final Rule. The intended audience is individuals who are receiving services, guardians, and advocates; staff are also welcomed to attend. The presentation will focus upon the HCBS Final Rule and how it relates to choice and control for the individual. The training is at no cost for those who attend. Members and staff liaisons are asked to share the training and to begin spreading the opportunity to those who might be interested. More details will be provided once the training is scheduled.
- ✓ MSHN Informational Items:
  - Sandy Gettel (MSHN) presented the Quarterly Quality Improvement updates for review and discussion. She spoke about the Behavior Treatment Data for FY21Q2, the Critical Incidents Reporting System up to FY21Q2, and the FY21Q1 Michigan Mission Based Performance Indicator System (MMBPIS). Members provided feedback on the information shared.

Dan Dedloff is available to answer any additional questions.
- ✓ Dan Dedloff (MSHN) provided an overview on the proposed Public Behavioral Health System Redesign Initiatives. The intent of the bills are to eliminate the PIHP system and creates a single statewide administrative services organization (ASO) to replace the PIHPs. An oversight council would also be formed to assist MDHHS in overseeing the single ASO. It was noted that the bills were a long way from final and actionable. Members were encouraged to advocate through the CMHAM action alert which asked individuals to reach out to their State Senator and the Governor to advocate for integration at the service delivery level versus the financial/administrative level. More information will be provided as it becomes available.
