The purpose of the Compliance Plan is to provide the framework for MSHN to comply with applicable laws, regulations, and program requirements. The overall key principles of the Compliance Plan are to:

- Minimize organizational risk and improve compliance with billing requirements of Medicaid,

and all other applicable federal health programs.

- Maintain adequate internal controls (paying special attention to identified areas of risk).
- Reduce the possibility of misconduct and violations through prevention and early detection.
- Being proactive in Compliance to reduce exposure to civil and criminal sanctions.
- Encourage the highest level of ethical and legal behavior from all employees, contractual providers, and board members.
- Educate employees, contractual providers, board members and stakeholders of their responsibilities and obligations to comply with applicable local, state, and federal laws and regulations.
- Promote a clear commitment to compliance by taking actions and showing good faith efforts to uphold such laws, regulations, and standards.

All reports involving suspected fraud, waste and abuse will follow the guidance/direction of the MDHHS Office of Inspector General for any required investigation.

"Prompt response" is defined as action taken within 15 business days of receipt by the PIHP of the information regarding a potential compliance problem.

The investigation process and outcome will be documented and will be reported on the OIG Quarterly Program Integrity Report.

In conducting the investigation, judgment shall be exercised, and consideration shall be given to the scope and materiality consistent with the nature of the concern. Each investigation must be carefully documented to include a report describing the disclosures, the investigative process, the conclusions reached and the recommended corrective action, when such is necessary. No one involved in the process of receiving and investigating reports shall communicate any information about a report or investigation, including the fact that a report has been received or an investigation is ongoing, to anyone within MSHN who is not involved in the investigation process or to anyone outside of MSHN without the prior approval of the MSHN Compliance Officer. All MSHN employees, Provider Network staff and subcontractors are expected to cooperate fully with investigation efforts.

The MSHN Compliance Officer and the CMHSP Participant/SUD Provider Compliance Officers must report any conflict of interest that may exist when investigating a report of suspected wrongdoing or misconduct. If a conflict of interest does exist, the MSHN Compliance Officer will be responsible for securing an appropriate source to complete the investigation, which may include utilizing the MSHN Compliance Officer, one of the Provider Network Compliance Officers or an external source if necessary.

XIII. Corrective Actions/Prevention/Disciplinary Guidelines

Where an internal investigation substantiates a reported violation, corrective action will be initiated as identified within MSHN policies and procedures and the MSHN subcontracts with the CMHSP Participant/SUD Providers including, as appropriate, making prompt restitution of any overpayment amounts, notifying the appropriate governmental agency, the provision of a corrective action plan from the designated Provider Network member (as necessary) including follow-up monitoring of adequate implementation, and implementing system changes to prevent a similar violation from recurring in the future.

Corrective Action Plans should minimally include the following description:

- How the issue(s) identified will be immediately corrected, or the reason why it cannot be immediately corrected.
- Steps taken to prevent further occurrences
- Process for monitoring to ensure implementation and effectiveness of corrective action plan

In all cases, disciplinary action must be applied on a case-by-case basis and in a consistent manner.

Depending on the seriousness of the offense, the resulting action for MSHN staff could include additional training, written reprimand, suspension or termination of employment. The resulting action for the provider network would also depend on the seriousness of the offense and could include additional training, letter of contract non-compliance and termination of contract. Failure by Board Members to adhere to the requirements in the Compliance Plan will be addressed in accordance with the MSHN By-Laws.
